

About Us

The Cascade Chapter is a charter member of the Healthcare Sterile Processing Association (HSPA). Our chapter services Sterile Processing professionals in the Oregon, Northern California, and Southwest Washington regions who are HSPA members and non-members. The chapter was formed in October 2007 and gained charter membership in May 2008, we are a registered non-profit organization. Our mission is to provide education through conferences and support from other Sterile Processing Professionals within our field.

Our membership is free and open to SP professionals regardless of their certification status.
